

GGACUUG

The image displays a stylized DNA double helix structure. The sequence GGACUUG is shown in a bold, sans-serif font. The letters are colored: G (orange), G (orange), A (green), C (blue), U (red), U (red), and G (orange). The structure shows base pairing between the top and bottom strands, with the top strand being larger and more prominent. The bottom strand is smaller and partially obscured by the top strand. The letters are arranged in a slightly staggered manner, with the top strand letters being larger and more prominent than the bottom strand letters. The overall structure is a simplified representation of a DNA molecule.
